Our Developmental Philosophy

We offer a loving Christian environment for your child to learn and grow physically, mentally, socially and spiritually. Our mission is to provide a safe, clean and nurturing environment, as well as a variety of developmentally appropriate learning opportunities. Our fully qualified staff provides the best care for children ages 6 weeks to 5 years old.

Our Toddler and Preschool classrooms incorporate small group academic portions as well as non-structured learning centers, including math, reading, writing, science, art, music, fine & gross motor skills, dramatic play and much more.
